

# ReVireo®

## Stockton University Parkview Hall

### Overview

This new 135,000 square-foot Residence Hall, was constructed as an expansion project to the Stockton University, Atlantic City Campus.

ReVireo delivered full HVAC commissioning services to verify that all systems — including VRF systems, DOAS units with ERVs, various lighting controls, and condensing boilers — were installed, tested, and operating as intended, ensuring long-term comfort, operational efficiency and reliability. In addition, ReVireo performed custom calculations required for the project to qualify for Smart Start Rebates and documented and processed these incentives through the NJ Clean Energy Program's (NJCEP) SmartStart initiative to maximize cost savings for the client. The Project received \$19,838 in rebates.

#### Client

DEVCO

#### Building Type

Institutional

#### Location

Atlantic City, New Jersey
